

**MEETING DATE/TYPE: VOTING MEETING 10-8-19**

**DEPARTMENT: Public Works**

**AGENDA ITEM:** Award of City Contract No. 2020-075 to BuiltRite Manufacturing for the Purchase, Delivery and Installation of a Replacement Boom Crane for the Transfer Station in a Total Amount not to Exceed \$322,848.50. Funding is available in the Solid Waste Fund.

**FUNDING SOURCE:** Solid Waste Fund

**Approved By:** Michael Lamar, City Manager

### **Item Summary**

This item is for the purchase and installation of a Boom Crane at the City Transfer Station Facility to replace the existing crane.

### **Background**

The Solid Waste Division of Public Works operates the Transfer Station, which is an essential function of providing trash and recycle services for City residents. The crane serves to distribute and compact all material into the transfer trailers and is a vital piece of equipment to the operation of the facility. The current Allied crane is 25 years old and exhibiting structural stress and fatigue. Within the last year the Solid Waste Division has replaced the arm, repaired and rebuilt the base, re-fabricated the claw, and replaced the rams due to hydraulic leaks and failure of multiple hoses. Currently the hydraulic pump is showing signs of failure by decreased speed of cylinders and an inability to develop full output when tamping loads into the trailers.

### **Bid Results**

The City advertised for replacement of the Transfer Station Boom Crane on September 19, and September 25, 2019. One responsive bid was received that met the required specifications from BuiltRite Manufacturing in the amount of \$322,848.50.

### **Financial Impact**

Funding in the amount of \$322,848.50, is available in FY20 from the Solid Waste Fund. Replacement of the boom crane was included in the 2019 Solid Waste Rate Study.

**AGENDA ITEM:** Award of City Contract No. 2020-075 to BuiltRite Manufacturing for the Purchase, Delivery and Installation of a Replacement Boom Crane for the Transfer Station in a Total Amount not to Exceed \$322,848.50. Funding is available in the Solid Waste Fund.
