

MEETING DATE/TYPE: VOTING MEETING 2-11-20

DEPARTMENT: Public Works

AGENDA ITEM: Approval to Perform Night Work Between 7:00 p.m. and 6:00 a.m. Sunday through Thursday, for the Installation of New Water, Sewer, Storm Drain and Other Associated Improvements on the Summit Avenue, McCormick Street, Beach Avenue and Goodwin Street Improvement Project.

FUNDING SOURCE: Streets Fund, Wastewater Fund, Water Fund

Approved By: Michael Lamar, City Manager

Item Summary

Approval of this item will authorize night work for the Summit Avenue, McCormick Street, Beach Avenue and Goodwin Street improvement project, from 7:00 p.m. to 6:00 a.m. Sunday through Thursday for the installation of new City utilities and storm drains.

Background

This project is very complex as it includes all aspects of a complete roadway reconstruction including water, sewer, drainage and surface improvements within the fully developed area. Some of the improvements are extremely challenging to construct while maintaining traffic movement and/or business access. As a result limited dates for night work will be considered by the Public Works Department as needed, throughout the duration of the project. The project area is a mix of commercial and residential properties. Night work will be limited as much as possible to areas where construction noise will not impact residences and when possible, will greatly reduce the impact to area businesses and the traveling public.

Financial Impact

None
