Series 16W Wine Fair/Festival Liquor License

A Fair/Festival Liquor License is processed in a similar manner as other liquor license applications, except that there are no posting or protest period requirements, and no school location restrictions. A Fair/Festival license allows a licensed farm winery to serve products produced at the farm winery at a festival, sanctioned county or state fair, or within the premises of a licensed special event. Liquor produced under the provision of the farm winery license may be served for consumption on the fair/festival premises or “to-go” in the original, sealed container.

The application requires approval of the governing body of a city or town, where the fair/festival will take place. Up to fifty wine festival licenses for each calendar year for each licensed farm winery, for up to a total of one hundred fifty calendar days per winery may be issued.

The application has been reviewed and determined to be in compliance with City requirements.
